

Kentuckiana Lactation Improvement Coalition

is proud to present

Normal Physiologic Birth and Supporting the Hormonal Cascade of Childbirth

With

Damara Jenkins, MSN, APRN, CNM
UofL Physicians – Midwives

May 3, 2016

6:00 – 6:30 pm Networking and Dinner
6:30 – 7 pm KLIC Meeting
7 - 8 pm CE Presentation

At

Babyology

3934 Dutchman's Lane, Louisville, KY
Across from Norton Suburban Hospital

Dinner provided by KLIC. RSVP for Dinner **by April 29** to Barbara Ruedel, KLIC President, at President@klicbreastfeeding.org.

Damara Jenkins received her undergraduate degrees from the University of Louisville in 1999 and Bellarmine University in 2000 and received her MSN from Frontier Nursing University in 2009. She received the Frontier Nursing University 75th Anniversary Pioneer Award in 2014. She is a Certified Nurse Midwife in the UofL Physicians – Midwives practice group in the UofL Physicians OB/GYN unit. She is on the board of the Friends of the Louisville Birthing Center, and a member of the American College of Nurse-Midwives and Kentucky Coalition of Nurse Practitioners and Nurse Midwives.

This presentation will prepare the learner to discuss:

- the hormonal cascade of childbirth;
- practices that encourage normal physiologic birth;
- the role of the midwifery model in supporting normal childbirth.

CEUs and CERPs will be provided upon program completion. Free to KLIC members, \$10.00 to all others requesting CEUs/ CERPs. Pre-registration is requested but not required for KLIC programs. Contact Peggy Rinehart at rinehart.peggy@gmail.com or (502) 487-0636 with questions about the program, location or weather/cancellation questions. In the case of severe weather, KLIC reserves the right to postpone and/or cancel the presentation.

This presentation is approved by the Kentucky Board of Nursing (KBN) for 1.2 "Contact Hours" (50 minutes/contact hour), provider # 5-0033, Expiration Date: 12-31-18. 1 L-CERP (60 minutes/CERP) has been requested from IBLCE.
